Dr. Crane graduated summa cum laude and Phi Beta Kappa from Duke University, where she studied Art History and Chemistry. She earned her medical degree from the University of Miami Miller School of Medicine, graduating with Alpha Omega Alpha honors and Research Distinction and receiving the Edward W.D. Norton Award in Ophthalmology.

She completed her ophthalmology residency at the Bascom Palmer Eye Institute, followed by a vitreoretinal surgery fellowship at Bascom Palmer, where she was named Fellow of the Year and received the Mary August Trust Fellowship Award. Following fellowship, Dr. Crane remained at Bascom Palmer and Jackson Memorial Hospital, serving as Chief Resident and Director of Ocular Trauma.

Since joining Retina Vitreous Associates of Florida, Dr. Crane has been recognized as a Castle Connolly Rising Star and consistently Top Doctor and was named a "One to Watch" by Retina Today. She served as President of the Tampa Bay Ophthalmological Society in 2024.

Dr. Crane currently serves as Principal Investigator for the Temple Terrace Clinical Trial Program, overseeing clinical trials focused on macular degeneration and diabetic retinal diseases. She is a sub-Investigator for the St Petersburg clinical trial site.

A heritage Spanish speaker, Dr. Crane is fluent in Spanish and welcomes Spanish-speaking patients.
